4. [X] The benefit under 35 USC §119 is claimed of the filing date of: Application No. PCT/US89/03731 in PCT on September 1, 1989. A certified copy of said priority document was filed in progenitor case 07/664,989.

5. [X] Amend the specification by inserting, immediately after the title, the new paragraph:

The prior application(s) set forth above are hereby incorporated by reference in their entirety.--

6. [X] Certain documents were previously cited or submitted to the Patent and Trademark Office in the following prior application 08/993,776, which is relied upon under 35 USC §120. Applicants identify these documents by attaching hereto one or more form PTO-1449 and/or form PTO-892 listing these documents, and request that they be considered and made of record in accordance with 37 CFR §1.98(d). Per 37 CFR §1.98(d), copies of these documents need not be filed in this application.

While an IDS filed under §1.97 must contain a "list of all patents, publications or other information submitted for consideration by the Office", see §1.98(a)(1), the only requirement for the list is that it provide the information set forth in §1.98(b). There is no requirement that a form PTO-1449 be used (MPEP §609 merely says that use of this form is "encouraged") and no prohibition on submitting a copy of a form PTO-1449 or form PTO-892 from a prior case. Indeed, the re-use of such forms is desirable as it avoids error in transferring the information, and evidences that the reference was considered in a prior application. A previously accepted PTO-1449, or an examiner-prepared PTO892, necessarily complies with §1.98(b).

7. If reliance is made on a declaration filed in a prior application, then
[X] The undersigned attorney of record hereby revokes the powers of attorney of:
